## How to find us:

Manzac Ferme is in the centre of the Perigord Limousin National Park, approximately eight and a half hours driving from the Calais Ferry terminal.

Our full address is Manzac Ferme, Manzac, 24300 Augignac, France. Your GPS unit may try and take you near Paris - we would recommend avoiding this option if possible.

**If using What3words,** Go onto the What3words app, enter '**bobbled.cartons.power**' no spaces just a full stop between each word. Pick the French one, press 'navigate' using your choice on maps.

Both viamichelin and google maps will offer suggested routes.

**Be aware that village speed limits are not usually advertised - the 50km/h limit applies from the moment you pass the village signpost until you leave the village.**

You can create your own driving directions using the Google Map provided on the right hand side of this page. However be aware that this will most likely attempt to bring you around Paris, which is not always the best route.

We instead suggest the below directions from the channel tunnel. You can also download these directions in word format at the bottom of this page, as well as directions from Limoges.

## DIRECTIONS FROM CHANNEL TUNNEL / PORTS

A word of warning if arriving at Calais ensure you do not end up on the Paris motorway – below paragraph is just for guidance. Other ports are straight forward just head for the A16 south.

On arrival at Calais leave the port heading for the A16/E402. Once on the dual carriage way keep in the right hand lane. This is a filter lane for the A16, Signed for Calais Centre/St Omer par RN/Tunnel sous Manche. (It is important to keep right as you could end up on the A26/E15 which heads for Paris!!) Follow this filter lane and you will merge onto the motorway A16/E402 heading south.

Continue on the A16 until leaving the peage (Toll) just north of Abbeville and fork right at Junction 23 for the A28 signed Abbeville Centre/Le Treport/Rouen/Le Havre.

Rouen does not have a bypass but it is not too taxing a place to get through, **watch out for the radar at the entrance to the long steep down hill tunnel.** Simply follow the **A13** signs and leave heading south on the **E46/E402** signed for Paris

Go west onto the **A13** signed **CAEN** (note **do not** now follow the Paris signs)

After only a few miles on the **A13** at it's junction with the **A28** join the **A28** and follow to the south signed **BORDEAUX** as well as **ALENCON** and **LE MANS**. There is hardly any traffic on this very long road.

There are a few limited narrow bridges on the **A28**, all of which have restrictive speed limits with radar -watch your speed.

Just to the north of **LE MANS** at a peage the **A28** merges with the **A11**

Turn East onto the **A11** and then at the very first junction, leave the **A11** and re join the **A28**, this time signed for **BORDEAUX** as well as **TOURS**.

To the north of **TOURS** at the peage the **A28** joins the **A10**

Turn right onto the **A10** and follow past **Chatellerault** signed to **BORDEAUX** and **POITIERS**.

To the south of **POITIERS** leave at junction 30, after the peage.

At the 1st roundabout turn right, join the **N10** south which is signed for **ANGOULEME** and **BORDEAUX**

Turn off the **N10** to Angouleme onto the **D1000** (Angouleme ring road) signed **ANGOULEME SUD/ PERIGUEUX/ST MICHEL/PUYMOYEN/HOSPITAL GIRAC**

Once on the **D1000** follow signs for **Perigueux**. There are several roundabouts at each one keep the **D1000** (Rocade est) At the 7th roundabout take the **D939** signed for **Perigueux** (- green with white lettering) and Marthon (in black on a white background.) It is approximately 5miles/8km to the **D939** after leaving the **N10**.

Follow the **D939** for just over 2 miles. At the roundabout take the **D4** signed for **BOUEX/HAZELLES/ MARTHON**. As you turn onto the **D4** the bottom sign indicates **NONTRON** 40km. Follow the **D4** passing through **MARTHON** where it becomes the **D75**.

The **D75** eventually arrives at the **D675**. Turn left. Follow the main road straight on through a set of traffic light. The road turns sharply left and then right up a hill, and under a former railway bridge. Continue on up the hill ignoring all turns into the town centre. The town remains on your right. Keep following the road - do not be tempted to go into the town with a caravan (some satnav's will try to convince you this is the right way!). Continue on the **D675**, passing various shops/supermarkets, leaving **Nontron**.

Continue on the **D675** until you arrive in **Augignac** after passing a picnic area on the right.

Drive slowly as you enter the village and you will come to a crossroads with an iron gated house to your front right. Turn right, there is a signpost for **Manzac Camping** underneath the signs for **Abjat s/Bandiat** and **Savignac de N**.

Immediately after turning onto this road (around 100m), turn right again, following various signs including "**Manzac**". At one point the road appears to go straight on, but the main road is sharp right (again there is a **Manzac** sign here).

Keep following the road from **Augignac** for aprox 4km, through a small village and over another crossroads until you arrive at an avenue of conifers and straight in front of you there is a property (Manzac Chateau) with a pointed roof. We are on the right just before it. The entrance is marked clearly.
